

Name	Climate Ready Estuaries Lessons Learned
Description	<p>EPA's Climate Ready Estuaries (CRE) provides targeted assistance to National Estuary Programs (NEPs) to plan for climate change. In its first years, CRE partners have successfully completed vulnerability assessments, engaged stakeholders, identified climate change indicators, and initiated adaptation planning efforts.</p> <p>This compilation presents best practices and lessons learned that are taken from the CRE annual progress report for 2010. The varied experiences of CRE partners around the country can guide other communities or organizations that are planning responses for climate change impacts.</p>
