Name	Infrastructure & Climate Network (IC Net)
Web	http://www.theicnet.org/
Description	The Infrastructure & Climate Network (ICNet) is a network of over 50 academics, students, and practitioners who are dedicated to accelerating climate science and engineering research in the Northeastern United States. ICNet focuses on climate change and sea level rise impacts and adaptation for sustainable bridges, roads, and transportation networks. ICNet was established in October 2012 with support from the National Science Foundation.
